Mrs. Lendell RES

Why is Veterans Day Important

I think that Veteran's Day is important because Veterans have risked their lives to save U.S.A

In my family my uncle Charles and Cousin Paulina served in the Military and Navy. Veterans Day is really important to me because 2 of my family members were risking their lives to serve the U.S.A

Veterans are brave heroes to the U.S.A that's why, I honor Veterans when I stand to say the Pledge of Allegiance to the Flag of the United States of America.

Veteran's Day will always be a big part of my generation in life because when I grew up I want to work for the Army force.

Veteran's Day will always be an important day and time of

The military cares about us no matter what. The military will take a bullet for us.

The military is very important. They protect US they serve and risk their lives for us.
